MY GUARANTEE TO YOU

Northern Iowa, Southern Minn. (about 90 days)_____

Our farm seeds have made us a lot of friends and will continue to do so. All seed is carefully tested for germination and purity. It must suit you or no deal free samples will be furnished on request. All clovers and alfalfa are eligible for AAA payments. The prices on this list are F.O.B. Shenandoah, Iowa, bags free. Prices subject to change without notice. We cannot, as you know, guarantee a crop, as that depends on conditions beyond our control, such as weather, soil, etc. Our liability in no case shall exceed the amount of the original purchase price of the seed.

May-Way Super Flock Mating White Leghorns

100 Chicks

All Pullets\$23.00

All Cockerels ... \$11.00

Straight Run ...\$11.00

Made possible by my many years of trapnesting. Big Type Leghorns that will lay big eggs. The females in this mating are not under trapnest but their ancestors were for years. The males are big husky fellows, every one of them from 250 to OVER 300 EGG BLOOD LINES, and are from my trapnest pedigree flock. Hi eggs set in this grade must weigh 24 ounces or more per dozen. This is your opportunity to get real production blood at low prices. Buy them,

Rocks May-Way Super Flock Mating White

These great birds are really at their best in this mating. The hens and pullets in these Super Matings are large, hinky pirds mated to big strapping cockerels carrying the same blood lines as my Special Mating White Rocks. The hens are not under trapnest but are from those blood lines. These birds have size, vigor and true Rock type. Many generations of my trapnest pedigreed males head these flocks. All eggs set in this grade must weigh 24 ounces per dozen or more. These chicks will develop tuto the finest type White Bocks.

White Rocks Earl May's Pedigreed White Leghorns and SPECIAL MATING WHITE LEGHORNS - REAL 500 EGG BLOOD

The foundation stock for these fine White Leghorns was all from 300 egg hens and their sires were 300 egg males. These Special Matings are all on trapnest today. There has never been a Leghorn hen or male in my flock that was not prefigred. Every male bird for many years has been from 300 egg blood and this year is no exception. This past year Hen No. 652 laid 300 eggs. Pansy No. 441 laid 302 eggs. Scarlet No. 414 laid 391. Many were over 250 eggs. Get real laying blood like this in your flock.
